SIR,

Subject:- Appointment of Sri E.L J.Isaac, as Deputy Corporation Engineer in grade 450-25-600.

I write to state that in consequence of the appointment of Sri B.V Vittal Murthy, B.Sc. ,B.Sc ,(Tech)Deputy Corporation Engineer in grade 450-25-600 as Engineer Officer of the City Improvement Trust Board,Bangalore, the post of the Deputy Corporation Engineer has become vacant since July 1954.

2. The Corporation at their meeting held on 30-11-1954 (Copy enclosed) have resolved to continue the post of the Deputy Corporation Engineer with a view to give relief to the Corporation Engineer who is over burdened with work in the Office and to exclusively devote himself to the proper organisation of the Central Work-shop, Central Stores, and /Lorry Sections, in the Corporation.

3. With this end in view, the Corporation at their meeting held on 16-6-1955 have approved the appointment of Sri.E.L.J. Isaac, as Deputy Corporation Engineer in grade Rs.450-25-600 + Rs.75/- Car Allowance from the date of assuming charge (Vide Copy of Corporation Resolution enclosed).

4. It may be stated in this connection that the above Officer is a whole-time Municipal Employee having put in about 12 years' service. He has specialized in Municipal Engineering Course Glasgow, and holds a certificate from the Royal Tutorial

College, Glasgow He is an efficient Officer and his work is appreciated by all the Officers under whom he has served.

5. Sri E L.J.Isaac is in the grade of Rs.250-25-450 as revised from the grade Rs.250-20-450 by the Corporation in their Resolution No.33 dated 7-4-1955 in pursuance of Government Order No.P.W.3217-30-Est.4-50-59, dated 21-7-1951. He will be drawing Rs.450/- in the revised grade with effect from 1-12-1954. But he has been appointed as the Deputy Corporation Engineer in the grade 450-25-600 from July 1955 with the minimum pay of the grade of Rs.450-25-600. He has assumed charge of the Post and entered upon his duties as the Deputy Corporation Engineer with effect from 1-7-1955.

I request you to obtain orders of Government for the appointment of Sri E.L.J.Isaac, as Deputy Corporation Engineer in grade 450-25-600 with effect from 1-7-1955 and communicate the same for taking further action.

Yours faithfully,

RESOLUTION PASSED AT THE ADJOURNED MEETING OF THE CORPORATION OF THE CITY OF BANGALORE, HELD AT 4 P M. ON TUESDAY THE 30TH NOVEMBER 1954, AT THE MAYO HALL, BANGALORE

Subject No 3

Deferred subject No 50/16-11-54 - Corporation resolution dated 14-9-1954 referring to the Standing Committee (Accounts) and the Standing Committee (Taxation and Finance) the Commissioner's note dated 18-8-1954 - (1) that the post of the Deputy Engineer be reduced as Assistant Engineer, (2) that Sri P. Hyder Ali, Assistant Engineer, be selected from the panel of names received from the Chief Engineer and appointed in place of Sri B.V Vittal Murthy, transferred and (3) that Sri N N Keshava Murthy also under orders of transfer be not relieved for another 3 or 4 months till the new Assistant Engineer becomes familiar with the Corporation work, and the recommendation of the Standing Committee (Taxation and Finance) dated 28-9-1954 and of the Standing Committee (Accounts) dated 25-9-1954 that the post of the Deputy Corporation Engineer. be abolished.

Sri V.P Deenadayalu Naidu moved the following resolution -

(1) "Resolved that the recommendation of the Standing Committee (Accounts) dated 25-9-1954 and of the Standing Committee (Taxation and Finance) dated 28-9-1954 to abolish the post of the Deputy Engineer, be not approved and that the status-quo be maintained and the post of the Deputy Engineer be retained."

(2) "Resolved that Sri V. Ramiah, B E., and Sri G N Radha Krishna, B.E , be selected from the panel of names received from the Chief Engineer, for appointment as Assistant Engineers in place of Sri B V Vittal Murthy and Sri N N Keshava Murthy, whose services have been transferred to Government "

Sri M Jayaseelan seconded the resolution.

It is after all poor man's money The Deputy Engineer's post is not at all required We see no good being done by creating such post You are not economising the expenditure

Sri M.R. Narasimha Iyengar observed that the post of the Deputy Engineer was created with the main object of improving efficiency in the administration His previous speaker Sri R Dayananda Sagar was going at a tanget and passing remarks on the Congress Party. By the appointment of a Deputy Engineer, most of the routine works that were now being attended to by the Engineer could be attended to by the Deputy Engineer and the Engineer will be free to devote his attention to other important and major problems confronting the Corporation It was not correct to anticipate so easily the decision of the Retrenchment and Re-organisation Committee The object of the Committee was not to effect retrenchments alone They were mainly concerned with the question of re-organisation and if at all there was going to be any retrenchment it would be incidental to re-organisation He would therefore request his friends on the other side to extend thei solid support for the resolution

Sri S A Asirvatham pointed out that the Deputy Engineer had given much relief to the Corporation Engineer In the mornings the Corporation Engineer had to go out for inspections daily and he had to attend the office in the afternoon. In the afternoon, if they were to go to the office they could see the Corporation Engineer with hundreds of files on his table to be attended to and in addition to that he had to attend to the visitors For the Corporation of the type of Bangalore, they must have a Deputy Engineer When Sri B V Vittal Murthy was the Deputy Engineer of the Corporation, he was given charge of the Water Supply System and the Stores and it had given a great relief to the Corporation Engineer It was not at all wrong to have a Deputy Engineer in view of the fact that the Corporation was expanding As the work had expanded, they might also think of giving a Deputy Health Officer to the Health Officer. He did not think that the conversion of the post of the Assistant Engineer to that of the Deputy Engineer would make much difference The difference would be an additional expenditure of about Rs 50/- per month It was not only proper for them to restore the post of the Deputy Engineer, but also think of appointing a Deputy Health Officer They must make it possible for the officers to discharge their duties to their satisfaction

Sri G Abdur Rahman Khan remarked that after serious consideration, the Corporation had approved the proposal to have a Deputy Engineer and the matter was referred to the Government and they had also sanctioned the said post At present if the Corporation were to abolish the post of the Deputy Engineer, they must consider as to what would be the opinion of the Government about the Corporation in this regard After all by reducing the post of the Deputy Engineer to that of the Assistant Engineer, the savings effected would not be much Further there must be a sort of continuity in the matter of promotion to the officials Sri G Abdur Rahman Khan said that he was of the opinion that the post of the Deputy Engineer be continued and he supported the resolution for continuing the said appointment

As regards the personnel for the post of the Deputy Engineer, Sri D Bhaskaran pointed out that they need not take persons from the Public Works Department The Corporation had approved the proposal regarding the Municipalisation of the services, as such they could appoint their own man to the post Further if they appointed the officials of the Public Works Department, they would have no interest in the Corporation work and they would have to be paid a higher salary also. They should giv opportunities to their own employees working in the department and show them some encouragement to enable them to carry out their work efficiently and satisfactorily The system of taking officials from the other departments was not orpoer. They should give some encouragement to their own overseers who had put in sufficient number of years of service and who were able to manage the work and appoint them to the post of the Assistant Engineers The proper procedure was to promote the Overseers to the next higher grade

The Mayor then put the resolution moved by Sri V.P Deenadayalu Naidu to vote, and it was passed.

In this connection Sri V P. Deenadayalu Naidu said that it was proper for the house to express their words of appreciation of the services rendered by Sri N N Keshavamurthy, Assistant Engineer, who was under orders of transfer He added that Sri N N Keshavamurthy had held the post of the Assistant Engineer of the Corporation in a difficult time when they were short of Assistant Engineers Sri Keshavamurthy was thoroughly acquainted with the locality in which he was posted and knew every nook and corner, and carried out his duties efficiently On behalf of the members of the House Sri V P Deenadayalu Naidu extended their gratitude to Sri N N Keshavamurthy for the services rendered by him to the Corporation ungrudgingly and blemishlessly He wished Sri N N Keshavamurthy a bright career for the future

The Mayor also said that he would join personally in the good wishes expressed by the House As Mayor of the Corporation for the past 11 months, he had very great contact with Sri N N Keshavamurthy and had personally known the good and strenuous work turned out by him It was but appropriate that they should record the appreciation of his services
